NEWSLETTER January 2008

**Next Monthly Meeting: Thursday, 17 Jan 2008
1100 hours. in the HEM Conference Room!**

From the President

John's Corner

Welcome to 2008, we had an exciting year in 2007, the Roost was very active. We won awards as the outstanding chapter in the large category and for recruiting the most new members in our region. The credit for those successes goes to you the members. I would like to thank Devi Rathod for her efforts in developing and administering the Roost membership program. We had excellent speakers for our luncheons thanks to the efforts of Devi and Jim Chism who defied all odds to find individuals to speak on rather short notice thanks for a job well done.

So what do we do for 2008? We must continue to develop the Roost by recruiting new members and participate more in community activities. We are once again asking for your support in planning the luncheons. Let us know what topics you would like addressed and if you know of a speaker let us know so that we may ask them to speak to us. In February there will be a Capitol Hill roundup where we get to meet with our representatives on the hill to solicit their support in sponsoring EW programs and other programs that impact the defense of our nation. Remember this also includes projects in the local area. If you would like to attend contact AOC headquarters at (703) 549-1600 or visit the website at crows.org.

As most of you are aware Blob's Park closed its doors for the final time on New Year's Day. We are actively seeking a new place to have the awards luncheon. If you have any suggestions please let a board of directors member aware of it so that we may take a look at the place.

Let us continue to work towards making the Chesapeake Bay Roost the model chapter in the AOC.

Here's hoping that each of you have a great 2008 and even greater years afterwards.

Regards

John Hawkins

AOC Chapters of the Year 2006-2007

Policy and Procedures Memorandum 5-9 defines the criteria for selection of the Chapters of the Year. Chapter awards are given in three categories based on chapter sizes of large, medium, and small. Awards are given to the highest scoring chapter in each category. The evaluation of all sub-missions used a point structure based on the significance of each activity to the membership and the association. The selection was based on two major factors: what the individual chapter has done to further the goals of the association, and what it has done for its members. Announcement of the Chapters of the Year, and presentation of all other chapter awards was made at the Annual Chapter President's meeting during the AOC International Symposium and Convention in Orlando, FL in October 2007.

Help Spread the Word

By Charles Senft and John McCarty

As you may all ready know the Historical Electronics Museum (H.E.M.) is the repository for Association of Old Crows artifacts and historical literature. These items have been very helpful in preparing exhibits and displays, which are used to assist the general public in understanding of the role that Electronics play in the preservation of the nation and the protection of the War Fighters. However what the museum needs now is different materials that could be used to develop new and possibly more current displays. If each you would look around your work place and associated areas to see if there are old displays, mockups, prototype systems or other materials no long used that could contribute to an educational display. Please contact John McCarty at the H.E.M. by phone 410-765-6162 or e-mail john_mccarty@yahoo.com or P.O. Box 1693 MS-4015 Baltimore MD 21203. Any contributions or donations when on display will credit the donor and/or the source of the contributing agency if desired.
