From the President

John's Corner

Happy belated New Year and welcome to another challenging year. We are beginning a new year attempting to maintain a high level of technical expertise to support our Military.

The Roost is in good condition after 2010. We have been contacted by the AOC for possible support of a major convention to be held in the local area. Details are being worked out with the U.S. Cyber Command at this time. We will provide more details as we receive them. Should we be chosen to support the conference, there will be a requirement for personnel support. This will be an opportunity for this chapter to gain recognition within CYBERCOM and to reap financial rewards. Please think about giving a few hours of your time to support a worthy cause.

Charlie Senft is doing well in Seattle. He states that he is the youngest male in the center. His days are very active with swimming, games and other planned and unplanned activities. If you are interested in contacting Charlie please let me know and I will provide you his email address.

Well we held our annual awards luncheon at Blob's Park in December, it was great. We had many of our old members in attendance and several new members and companies there. The food was good and the atmosphere was great. We were privileged to have the AOC Executive Director, Director of Member Services and the Manager of Membership Support in attendance. We can thank Glenn Altschuld for making the arrangements. I am sure that we will have a great time in 2011.

As always, please help your board of directors in our search for speakers and activities that the Roost may engage. We need your support to make this a better, stronger Roost. Remember it is up to us how well we perform this year. We were an Excellent Chapter in 2010, let's become the Chapter of the Year or an Outstanding Chapter in 2011.

John
